

# COMPUTER ENGINEERING TECHNOLOGY - BUSINESS FORENSICS INVESTIGATIONS, ONE-YEAR TECHNICAL CERTIFICATE

Curriculum Code #6218

Effective May 2017

Division of Engineering, Business and Information Technologies (<http://catalog.lorainccc.edu/academic-programs/engineering-business-information-technologies>)

The business forensics investigations one-year technical certificate provides current criminal justice professionals and others with basic skills used for investigations of fraud and other white collar crimes. This certificate brings together three professional areas: accounting, digital forensics and criminal justice. Students are trained in digital forensics and data recovery tools, evidence collection, proper criminal investigation practices, evidence and report preparation for litigation. Coursework listed below can be used to satisfy the requirements of the associate of applied science in computer engineering technology – forensics accounting investigations major. Certification as a fraud examiner or as a certified forensic accountant will require a bachelor's degree. Lorain County Community College has articulation agreements with colleges and universities including programs offered by LCCC's University Partnership.
