

DIGITAL FORENSICS FOR LAW ENFORCEMENT, ONE-YEAR TECHNICAL CERTIFICATE

Curriculum Code #6119

Effective May 2017

Division of Engineering, Business and Information Technologies (<http://catalog.lorainccc.edu/academic-programs/engineering-business-information-technologies>)

This digital forensics for law enforcement certificate provides graduates the skills necessary to enter careers that require knowledge and proper criminal investigative practices in digital forensics of computers, networks, digital devices, cyberspace and associated equipment. Students are given comprehensive information and training in digital forensics and data recovery tools, practices and proper criminal investigation practices. Typical job titles: computer/digital forensics examiner, computer systems specialist and cybercrime specialist. This program is designed to meet the needs of new students as well as individuals already employed as criminal justice officers or persons who are preparing themselves for full- or part-time employment in a local police agency. All course work listed below can be used to satisfy the requirements of the associate degree in police science. Lorain County Community College has articulation agreements with colleges and universities including programs offered by Lorain County Community College's University Partnership.
