Placement assessment, current physical and background check required. A grade of B or higher is required in ECED Student Teaching Seminar I and II. ECED 283 Student Teaching I and ECED Student Teaching II can only be repeated one time. To be able to take ECED 285 Student Teaching II student must have completed Student Teaching I with a grade of "B" or higher.

Requirement for ODE pre-kindergarten associate licensure includes completion of all required ECED, EDCT, and ENGL courses with at least a C in each course and an overall GPA of 2.5 in these courses and a grade of B or higher is required in ECED Student Teaching Seminar I and II.

Upon the completion of all LCCC AAS degree requirements for graduation and the satisfactory completion of all ECED pre-kindergarten associate licensure program requirements, the social sciences and human services division ECED coordinator may recommend to the ODE, Division of Teacher Education and Certification for the pre-kindergarten associate license.

## Program Prerequisites for Early Childhood Education

Prior to entering the program, a student must have a physical completed on the current ODJFS form, signed confidentiality and liability statement, and a letter of reference.

Students will be **REQUIRED** to sign a liability waiver statement and a confidentiality statement. In addition, in accordance with state law, students are **REQUIRED** to be fingerprinted (background check). Students previously convicted of a felony must schedule an appointment with the division dean or program coordinator prior to enrollment in the program.

After admission into the ECE program, students are **REQUIRED** to prepare a career goals statement. This statement is an assignment in the ECED 111 course. Initial admission into the program is conditional. (Full admission requires the completion of 12 semester hours of coursework, exclusive of college preparatory, with a GPA of 2.0 or higher, including completion of ECED 111 and one ECED course with a grade of C or higher).

## Pre-Kindergarten (Licensure)

Graduates of the associate of applied science in teacher education (AAS) degree program may be recommended for the Ohio Department of Education (ODE) pre-kindergarten associate license subject to the following:

1. Completion of all requirements of the AAS degree in early childhood education.
2. Completion of all required EDCT, ECED and ENGL courses with at least a C in each course and an overall grade point average of 2.5 in these courses.
3. A grade of B or higher is **REQUIRED** in ECED 283, Student Teaching Seminar I and ECED 285, Student Teaching Seminar II.
4. Cengage test.

Effective August 2010, all students entering the early childhood education program will have one year after graduation to apply for teacher licensure. Failure to apply within one year results in the student having to take a minimum of three credits in ECED coursework.

Upon completion of all associate of applied science in teacher education degree requirements for graduation and the satisfactory completion of all early childhood education pre-K associate certificate program requirements, the early childhood education coordinator may recommend to the ODE, Division of Teacher Education and Certification, for pre-kindergarten associate license.

The associate degree program for those completing the transfer area of concentration will permit transfer with junior-year standing to a four-year college or university with an approved program in teacher education. Subsequent satisfactory completion of the transfer school's requirements will lead to a bachelor's degree and to contingent recommendation from that school for one of the State of Ohio Department of Education provisional licenses to teach in the K-12 system. Students pursuing mathematics/science licensure must take a mathematics/science course wherever elective courses are listed and seek the advice of an advisor.

Credit for Prior Learning (PLA) options may be available for your program.
